A Note About Medicare and Medicaid

Our Practice is opt-out status with Medicare and Medicare Advantage. This means that each individual patient will enter into a private, self-pay, financial contract with our Practice. However, some Medicare Advantage Dental policies may allow its subscribers to see a Medicare opt-out provider and obtain reimbursement for covered dental services from the carrier directly.

Our Practice is non-participating with Medical Assistance (Access, Aetna Better Health, Aetna CHIP, AmeriHealth, Fidelis Care, Gateway Health, Geisinger, Highmark Wholecare, Keystone First, Pennsylvania Medicaid, Scion, Skygen, United Healthcare Community Plan, United Healthcare CHIP, UPMC Community HealthChoices, UPMC for You, etc.).
